Rethinking  
A Level  
Education

## Why choose the Sixth Form at Wakefield College?

### First-class facilities

A dedicated sixth form building within a large college that benefits from great facilities including a large library, a gym, a refectory and Starbucks, state of the art classrooms and newly refurbished laboratories. A small A Level community where teachers and managers know the students well and can meet their individual needs. Learn in a more mature environment where there are no bells or uniform....a stepping stone to prepare you for university.

**Teachers have high levels of expertise in their academic areas.**  
Ofsted 2019

### Student Central

If you want to explore what the College can offer you or even if you need a bit of advice and guidance, Student Central is where you can access a range of support services. We have a dedicated and friendly team of staff from areas including student experience, attendance and achievement, youth work, careers, financial support and pastoral tutors all here to help you adjust to life at Wakefield College.

## Mentoring for Excellence

Our Mentoring for Excellence (MfE) scheme aims to identify and support students with the potential to progress to top universities including Oxford and Cambridge. Students on the programme have access to a senior member of our College community as a mentor.

### Alex Heatley

A Levels in Maths, Fine Art, History

**The things I've enjoyed most about College are the challenge of my subjects and the amount of support you get from tutors. I became part of the Mentoring for Excellence Scheme to gain knowledge about architecture as a profession and the wider construction industry.**

Being part of the scheme has given me more confidence with meeting new people. I've had work experience at a variety of companies giving me further insight and realising the opportunities available has helped me to develop the academic skills I'll need in future. I'd like to study architecture at university."

## What our students say

“

I'm very happy with my results. I will always remember Wakefield College very well; I had great tutors and I really enjoyed my time here. I've always wanted to go to University, so that's my next step”
